EDUCATION

B.Tech, Computer Science and Engineering   Dec 2020 - July 2024
Dr. Babasaheb Ambedkar Technical University, Lonere, Maharashtra   CGPA - 7.92
Ashokrao Mane Group of Institutions

SKILLS

- **Programming languages :** Java, Python, C, C++
- **Software Development Concepts**: Object-Oriented Programming, Algorithms, Data Structures
- **Databases:** SQL, Relational Databases
- **Problem-Solving:** Analytical Thinking, Debugging
- **Communication:** Strong Written and Verbal Communication
- **Web Technologies :** HTML5, CSS, Javascript, Bootstrap
- **Android technologies :** Android Studio, Android SDK, Gradle, XML, ConstraintLayout
- **Operating systems & tools:** Windows, Linux, Git, Github.

PROJECTS

Password Generator Tool visit here
- Created using **HTML**, **CSS** and **Javascript** & create strong & customizable passwords.
- Copy passwords with a click and promotes **better** online **security.**
- The tool offers numbers, special characters, and both uppercase and lowercase letters.

ChatBot App visit here
- Utilized the **Android Studio** platform to craft a user-friendly and intuitive mobile application.
- Employed **Java** as the primary language to ensure seamless functionality and performance.
- Leveraged **OpenAI's** robust documentation and **APIs** to connect our app to the GPT-3.5 model.

Youtube Video Downloader visit here
- The project is being developed using **Python** and a variety of its associated **libraries**.
- The application boasts an intuitive and **user-friendly interface** that makes downloading YouTube videos a breeze, even for beginners.

ACHIEVEMENTS

- During the first and second years of college, I achieved the **rank of third in academic** standing.
- I achieved the **second-highest rank** in my institution on the **GeeksforGeeks DSA** coding platform by successfully solving over **200 problems** and earning a geeks score exceeding 600.
- Secured **All India Rank under 500** in National Engineering Olympiad 6.0
- In the 30th edition of **Internshala** Student Partner(ISP) program, I achieved the **141st rank out of 77,510** participants, earning recognition for my unwavering dedication, sincere commitment, handling challenges.

EXTRACURRICULAR ACTIVITIES

- Showcased tech expertise in **Flipkart Grid 5.0 Hackathon** and **CodeKaze** competition of **coding ninjas**, fueled by passion for innovation and troubleshooting.
- I shone in Reflex 2022's coding event of my college, ranking **top 8** among nearly 100 participants.
- I showcased my development skills by coming in **top 6** in college-level contest at another institution.
